EXECUTIVE DIRECTORS PRIDE

BY LION WENDY BURNS

Fellow Lions,

I hope you enjoy this special convention edition of the Lion Pride. Included are photos from past conventions held in the '60's and '70's, when only the men were counted in the overall attendance and the women were guests.

In 1961 there were 1,198 registered Lions in attendance – again, these were just the number of men who registered. Women dressed in formal attire for the banquets, they attended afternoon teas and had a meet and greet with the State Secretary, had scheduled free time for shopping, and enjoyed a spring luncheon that was only for the ladies.

We've come a long way, baby, to get where we've got to, today! I have just dated myself with that Virginia Slims cigarette jingle from 1968 but look where we are today with women in Lions. March is International Women's Month and LCI created a virtual event, She Leads—a powerful, global symposium uplifting women in Lionism and shaping the future of inclusive leadership in service. If you missed it, you can watch it all on YouTube <https://www.youtube.com/@LionsVirtualLive>.

During your time at the MD 11 Lions Convention, I encourage you to take part in the Women in Leadership breakout session led by a panel of key leaders which include a panel of Michigan Lions and our invited LCI guest, PID Sangeeta Jatia. What an inspirational session this will be for all Lions to attend. Other breakout session topics for you to attend include applying for grants such as the Hunger Grant through LCI. Hear how E2 successfully applied for and received a \$250,000.00 grant to assist in the building of a new Food Bank center in Gaylord and receive valuable information on how you can do the same. We are excited to have the Skegemog Raptor Center join us with their raptor Ambassador for a breakout session as well as a part of our Friday night Renaissance event. SRC is a Michigan-based nonprofit dedicated to the rehabilitation of injured birds of prey, environmental education, and the protection of raptor habitat through community engagement and conservation efforts. We have also scheduled a guided tour of the Grass Lake Nature Reserve in Bellaire. I hope you plan to attend as many of the planned events as possible.

President A.P. Singh is our guest speaker, and we are honored that he has accepted our invitation to join us this year. The last time we had a seated President at our convention was 1979 when President Ralph Lyman was our guest, 47 years ago!

We've come a long way, as President Singh stated in the She Leads symposium. We thank the many women who have joined since the 70's for their leadership role in serving alongside others with their heart and soul, and to all Lions and Leos for making our organization what it is today, the greatest in the world!

Yours in Service – Lion Wendy Burns

DG SPOTLIGHT

DG MARIE LEATHERS MD11E2

There's something magical about this time of year as we start to come out of winter but we're not quite into spring. The days are warmer and the nights are still cold, and that's when the magic happens. With a drill, a spile and a hammer the lifeblood of a maple tree begins to drip out of the tree, the beginning of a long process of making delicious all natural maple syrup.

My Dad decided he wanted to try to make maple syrup over 50 years ago when he bought his farm. He used an old fashioned manual hand drill to drill the holes. He collected the sap in milk jugs hanging on the spiles because he worked with what he had. Over the years he collected sap in two gallon metal buckets and then five gallon plastic buckets. He cooked it in a 100 gallon pan over his custom made fire pit that he built. But it really didn't matter what he used, the final product was always maple syrup.

We were fortunate to have my Dad teach us how to carry on his tradition. We did try using a battery drill one year, but when Dad kind of shook his head we decided we wanted to keep with his tradition and went back to the hand drill. We found ways to use bags instead of buckets to collect the sap, and when Dad saw the benefits of the new system that kept the rain and snow out, he thought that was a great idea and we never went back to buckets. We still cooked it in his 100 gallon pan over his custom made fire pit, and will continue until it wears out. Some things we did the same, some things we did different, but the final product was always maple syrup.

Some day we might collect the sap the modern way with tubes and use an evaporator instead of an open pan, and use gas instead of wood. In my Dad's memory, as we pass the tradition of making maple syrup to the next generation we hope to be open to changes they might have, but help them to always remember where the traditions came from. Nevertheless, the final product will always be maple syrup.

And that's a lot like Lions clubs as they have evolved over the last 100 plus years. Some clubs are groups of business owners working together to better their community, like when Melvin Jones founded Lions. Some clubs are cyber clubs where members don't even meet in the same place or even the same state. Some clubs are great at fundraising and making donations to help those in need. Some clubs are great at service and spending their time directly helping those in need. Some clubs are large. Some clubs are small. But the final product is always the same - "WE SERVE!"

But the similarities don't end there. Because along the way to the final product is the journey where we learn, adapt and grow. With maple syrup it starts with cutting the trees for the fire needed to cook the sap, tapping the trees, collecting the sap and cooking for hours and hours to get to that sweet result of our labors. With Lions, we have meetings, we do fundraisers, we do service projects, and with hours of planning and working we get to our final product of serving others and seeing the sweet smiles on those we touch.

So remember that whether it's syrup or service, don't be a sap! Don't be afraid of change when it makes sense, but don't throw out traditions just for the sake of change. Enjoy the journey and keep your eye on the final product. Because the friends we meet, the memories we make, the lessons we learn along the way, the service we leave behind, like syrup, are golden.

FORUM HIGHLIGHTS

MICHIGAN LIONS SERVICE PROJECT – Lions exceeded the goal of raising \$12,000.00 for backpacks to benefit Forget Me Not Little Heroes backpack project by \$13,000.00. Total amount raised and donated to the program came to \$25,000.00! Thank you, Lions, for heeding to call for help without any hesitation. WE SERVE.

Lion Holly Tessman-Johnson is the organizer for Little Heroes and a member of Three Rivers Lions Club. Three Rivers Lions came out in force to assist with approximately 75 Lions in packaging up contents of the backpacks. After the devastating tornado hit the communities of Three Rivers and Union City, the club and many other Lions are without a doubt helping with the clean-up.

Forum Team Members Lion Vicki Hodge and PCC Jim Pettinato.

210 Lions registered for this year's Forum and 18 exhibitors showcased their programs and products. The Michigan Department of Treasury Unclaimed Property was a popular table, where 41 claims were discovered for clubs and members, totaling \$22,363 in unclaimed funds.

At the MD 11 Convention last year in Bay City, a total of 80 claims had been identified, amounting to \$27,735 returned (or in the process of being returned) to Lions clubs and individual members. \$50,098 have now been recovered enabling clubs to redirect for use in service projects. It pays to attend Lions of Michigan events!

A LITTLE LION MADE WITH LOVE — AND ON A MISSION TO CHANGE LIVES

This little Lion could be yours!

This little felted lion began as a simple bundle of wool... but with hours of shaping, needling and love, it became something truly special.

Now he carries a bigger purpose: helping support LCIF, our organization that brings hope, relief, and compassion to people who need it most.

By purchasing a **\$10 raffle ticket**, you're not just entering to win a handmade keepsake — you're becoming part of a story of kindness. A story where small contributions create big impact. A story where creativity meets service.

On July 21, 2026, one lucky supporter will either be taking this lion home or have it sent to them by mail. But every person who participates becomes part of the heart behind it.

Thank you for helping this little lion make a big difference.

HONG KONG 2026

108th Lions International Convention

As many of you know, the convention was moved to Hong Kong after our planned destination of Atlanta was cancelled by the city of Atlanta due to the FIFA World Cup. Our host Lions and the city of Hong Kong stepped up to help us transition to our new location. As we worked together to support this significant shift, we recently identified schedule adjustments needed to align with our host city's guidelines and maintain the convention's overall structure.

We will be updating our Convention Schedule webpage on lionscon.org with more details as they are confirmed, but here are some initial updates we'd like to share with you.

- **Convention Dates:** Convention dates are not changing, only the convention schedule, so we will still be hosting convention July 3-7.
- **Plenary Sessions:** Our three plenary sessions will be moved up one day, now scheduled for July 4-6.
- **Parade of Nations:** The parade will be moved to Tuesday, July 7 pending finalization of plans.
- **Elections:** Elections will be held July 4-6.
- **Pre- and Post-Convention Events:** There are currently no planned changes to pre- and post-convention events such as the board meeting, the DGE Seminar, the post-convention board meeting and New Directors Orientation.

FREE WHITE CANE PROGRAM

The white cane allows you to travel independently and safely—no blind person should be without one. We offer you a free one. You can order a new one every six months. The National Federation of the Blind has distributed nearly 100,000 free white canes since 2008.

white cane gives blind people the ability to achieve a full and independent life, allowing us to travel freely and safely. We started our free white cane program because we believe that no blind person should be without a white cane, regardless of his or her ability to pay for it.

Request a Free White Cane

Complete our Free White Cane Online Application. Any blind individual in the fifty states, the District of Columbia, and Puerto Rico can request a cane for their personal use. Requests can be made as often as every six months.

History

In 1921, James Biggs, a photographer from Bristol, England, became blind following an accident. Because he was feeling uncomfortable with the amount of traffic around his home, he painted his walking stick white to be more easily visible.

In 1930, Lion George A. Bonham, President of the Peoria Lions Club (Illinois) introduced the idea of using the white cane with a red band as a means of assisting the blind in independent mobility. The Peoria Lions approved the idea, white canes were made and distributed, and the Peoria City Council adopted an ordinance giving the bearers the right-of-way to cross the street. News of the club's activity spread quickly to other Lions clubs throughout the United States, and their visually handicapped friends experimented with the white canes. Overwhelming acceptance of the white cane idea by the blind and sighted alike quickly gave cane users a unique method of identifying their special need for travel consideration among their sighted counterparts.

Also in 1931, in France, Guilly d'Herbemont recognized the danger to blind people in traffic and launched a national "white stick movement" for blind people. She donated 5,000 white canes to people in Paris.

Today white cane laws are on the books of every state in the US and in a few other countries, providing persons who are blind a legal status in traffic. The white cane universally acknowledges that the bearer is blind. For specific information contact your local government office for motor vehicles.

Lions and International White Cane Safety Day

International White Cane Safety Day is an opportunity to increase awareness about the white cane, which:

- Signifies that the pedestrian using it is blind or visually impaired;
- Alerts motorists of the need to exercise special caution and provide the user the right of way;
- Symbolizes the independence, confidence and skills of the person who is using it.

1964: the U.S. Congress approved a resolution authorizing the President of the US to annually issue a proclamation designating October 15th as "National White Cane Safety Day."

1969: the International Federation of the Blind adopted October 15th as "International White Cane Safety Day."

** The above referenced date is a suggested date. Lions clubs are free to hold awareness events according to the schedule of the club and the community it serves.*

One moment can change the course of your life

For Ken and Irma Bates, that moment came when their daughter Angelina was just 13 years old. What seemed like minor eye discomfort quickly became a severe infection. She would later need an emergency cornea transplant.

Cornea recipient
Angelina (Bates) Precilio

When Angelina’s cornea perforated, their surgeon, Dr. Jonathan Rubenstein, acted swiftly, guiding their family with skill and compassion through one of the most frightening moments of their lives. That same day, Angelina received the gift of sight from a generous donor.

The Bates family
with Dr. Rubenstein
& his wife, Peggy

Today, Angelina is a mother, a former college athlete and a passionate advocate for eye donation.

For Ken and Irma, that experience sparked a lifelong commitment to giving back—honoring the donor family who said yes, the medical teams who make transplants possible and the community that supports sight-saving work.

For more than a century, Lions have championed vision care. Your leadership has helped ensure that when families face moments like the Bates did, hope is available.
