LEAD TO SERVE, SERVE TO LEAD.

As Lions, we serve the world, but we also lead the world in service. Every act of service is a gift to humanity, but it's also an act of leadership that inspires others to join us in making a difference.

When Lions serve with passion and purpose, when we place the needs of others before our own, we are servant leaders who strengthen our communities, our organization and the lives of the people we serve.

Building Our Future

Our programs and initiatives will center on four essential priorities for Lions International, all of which are vital to advancing our mission of service.

1. Growing our clubs and our service
2. Empowering service together with LCIF
3. Innovating our service to meet the challenges ahead
4. Welcoming diversity and including everyone in our clubs

LET'S READ!

On average 20% of US adults are illiterate - this is a 2023 statistic. According to worldpopulationreview.com, developed nations' adult literacy rate is 96%.

The Reading Action Program encourages MD11 and SD10 clubs to donate books or participate in a reading program. Here are a few ideas your club can do.

1. Contact a school principal and explain how the Lions Club want to connect with the school to promote reading. She or he may be very supportive & suggested you work with the Reading (Literacy) specialist.
2. Suggest a rewards program for anyone who reads at school or home. Document the progress and give out certificates or have a pizza party for the readers.
3. Help fill the book vending machine with applicable children's books or donate to the school a certain cash value going to the book vending machine.
4. Donate your books that you have read to the library or a place that takes care of the elderly people.
5. If your club is affiliated with Scouts, have them help your club by reading to others.

Let's get out there and introduce our clubs and show them what we are all about. Get out there and read, because We Serve. Let's all read.

THANK YOU, LIONS!!!!

The District Governors challenged me, as your state GST leader to have a service project at each of the Council of Governors meetings. After researching the needs in the Mt Pleasant area, it was decided to donate items to the R.I.S.E. Organization. The service was launched to each of the district governors to ask your district GST leaders for help in

collecting items to be donated at the first Council of Governors weekend in August. When I walked into the room where donations were dropped off, I almost dropped to my knees. My heart was so full, it hurt. The room was overflowing with donated items to the R.I.S.E. Advocacy, Inc. An organization that works to provide safety and empowerment to victims of domestic violence and sexual assault, and to eliminate sexual victimization and domestic violence through shelter, treatment, education and social change. There were piles of canned goods, paper products, cleaning products, feminine hygiene products, bedding and diapers just to name a few. The woman that came to pick up the items, brought a car and a pickup truck thinking that was good enough. She could not believe her eyes with the amount of items that were donated. She too stood at the doorway in disbelief and ended up making three trips with filled vehicles to empty the room of collected items. I was so excited to hear how this project brought together so many clubs in each of the districts and to show how much we care as Lions. As Lions, WE Serve!!!

There are MANY ways to serve your community. This was an example of one way to serve. Thank you to IPDG Rhonda Furby, IPDG Judy Keller, PDG Roshni Patel and PID Gary Anderson for organizing the items for pickup. Here are a few pictures I took after the first load went out to the vehicles.

LCI MEMBERSHIP TYPES

REGULAR

As our most common membership type, members work to strengthen their communities and serve Lions International's global causes — or any other cause important to them.

FAMILY

Family membership allows relatives living in the same house to volunteer together. Families are able to spend quality time together and grow their passion for service — all at a reduced dues rate. Children cannot become members, but can participate in the Cub Program, which gives children the opportunity to build a lifelong dedication to helping others.

STUDENT

The ideal membership for students who are enrolled in an educational institution. Members between their country's legal age of majority and under 30 are eligible to receive a discount on international dues.

LEO

Leo membership is designed for young people ages 12-30 who are interested in serving their communities. This membership type features many benefits for young people, including no membership fee, educational opportunities, networking and much more.

LCI MEMBERSHIP TYPES

TRADITIONAL

Traditional clubs bring together a group of service-minded individuals who want to improve their community and meet locally on a regular basis.

SPECIALTY

Specialty clubs bring together a group of individuals who share a common interest in addition to a commitment to service. A specialty club may be centered around a specific hobby, culture, profession or another common interest.

VIRTUAL

Virtual clubs conduct some or all club meetings remotely, over the phone or via the internet. This club type allows a more widely distributed group of club members to plan and implement service projects with ease, and it's a great fit for those with busy schedules.

CAMPUS

Campus clubs offer students the opportunity to build leadership skills and create a common bond of service with fellow students. Members of campus clubs may also be eligible for student membership.

LEO

Leo clubs provide an opportunity for youth and young adults to serve in their communities, develop leadership skills and grow as individuals. There are two kinds of Leo clubs — Alpha Leos (ages 12-18) and Omega Leos (ages 18-30).

Granville & Betty Cutler Award, S.A. Dodge Award, Lions of Michigan Hall of Fame (inaugural class). His love for Kathleen and his family was always first. His faith, his country, Lions and his profession were next.

These are some of the highlights that can be recorded of the history, activities, accomplishments and awards in Dennis's life. The real legacy of PID Dr. Dennis Cobler: son, sibling, husband, father, grandfather, soldier, teacher, innovator, mentor, leader, friend, Lion, is remembered by the positive effect he had on thousands of lives that he touched and the lives that those people touched because of him.

Dennis could be defined by this quote he lived by, from Teddy Roosevelt, 1910.
"The Man in the Arena"

"It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; who errs, who comes short again and again, because there is no effort without error and shortcoming; but who does actually strive to do the deeds; who knows great enthusiasms, the great devotions; who spends himself in a worthy cause; who at the best knows in the end the triumph of high achievement, and who at the worst, if he fails, at least fails while daring greatly, so that his place shall never be with those cold and timid souls who neither know victory nor defeat."

Dennis was the consummate Servant Leader. Always getting into the "arena". Never asking someone to do something he wouldn't do or hadn't done. Always providing resources for those he led to learn and do a great job in their tasks. Never "promoting" someone into a position that he did not think they would do a great job at and enjoy it in the end.

As a Lions International Director, Dennis started the LCIF partnership with Special Olympics and in 2001, the beginning of the Opening Eyes program. This has provided 550,000 eye exams and 350,000 eyeglasses for Special Olympics athletes, free.

Dennis started and led the eyeglass recycling project in Muskegon Northside and the ensuing 35 years of Lions vision missions to Mexico and Central America, serving over 95,000 people in visual need.

Teaching leadership skills for 20 years at the Lions of Michigan Leadership Institute to over 2,000 Lions and 7 times a District Governor Elect trainer, teaching 250 of our incoming Lions world leaders.

Local projects were his focus in these later years. The Muskegon Northside calendar raffle, LCIF fundraising, Veterans Causeway \$5 million improvement and the VFW County Council Honor Guard Team and time with his family, especially granddaughter Ellery, were his joy.

Who will take the baton of leadership and service that he has passed on to us and then pass it properly to the next generation and on and on? Please say you will.

Thank you Dennis for encouraging and mentoring me to leadership experiences I never would have imagined for myself. I know I am better in every facet of my life because of that.

Luv ya man. PID Dr. Gary Anderson

The Lions of Michigan Foundation is a public charity that was created in 1984 to help Michigan Lions Clubs provide community services. We work in partnership with our member Lions Clubs and other organizations to provide disadvantaged individuals and families with access to affordable medical care and services designed to help improve their quality of life.

Through screening, diagnosis, treatment, education and research, we primarily help underserved populations and financially struggling individuals who require assistance with eye care, hearing aids or an unexpected life event. Our services are offered statewide with a focus on helping Michigan residents succeed academically, develop normally, maintain independence and prosper in life.

Through our KidSight Program, we aim to identify and help restore normal vision to children suffering from undiagnosed vision disorders that affect their ability to perform in school and develop on pace with their classmates. Our hi-tech mobile vision screeners are programmed to quickly and accurately identify vision disorders such as myopia (nearsightedness), hyperopia (farsightedness), anisometropia (unequal refraction power), astigmatism (optical defect), anisocoria (unequal pupil size) and strabismus (gaze deviations) through non-invasive testing.

Through our Hearing Screening Program, our objective is to identify and treat hearing problems before they impede a child's learning and development and negatively impact a child or adult's quality of life. Untreated hearing loss will interfere with a child's ability to learn and may cause behavioral issues that will disrupt their academic success and social development, and among older adults, untreated hearing loss is the third highest disabling condition after arthritis and hypertension.

Through our Lions Affordable Hearing Aid Program, we help low-income people with hearing loss maintain self-sufficiency through the provision of affordable hearing aids and audiology services. One in every ten people in our state suffers from hearing loss, which can only be treated with amplification, and without financial help, many people in Michigan cannot afford hearing aids.

Through our Emergency Individual Assistance Program, we help uninsured and underinsured people who suffer from severe vision and hearing disorders that can only be corrected through surgical intervention or costly medical procedures. Our service agreements and partnerships with ophthalmology groups and medical service providers throughout Michigan ensure that program resources are used efficiently and effectively and that clients receive exceptional care at affordable costs. Funding is determined based on the overall financial and medical needs of the applicant.

Through our Emergency Military Family and Veterans Relief Program, we help current and former military members and their families with financial emergencies. Funding is determined through an application process, and it is based on the financial needs of the applicant.

Through our Emergency Disaster Relief Program, we help people and families affected by natural disasters, including severe storms, flooding, fires and tornados. Funding is determined by the number of individuals and families affected by the disaster and the overall amount of losses incurred.

Through Donor Advised Funds, we partner with individuals, families, businesses and other non-profit organizations to provide charitable services that are important to the fund's primary donor or donors. Our status as a 501(c)(3) Public Charity allows us to create Donor Advised Funds that others can operate like their own family, private or corporate foundation. All contributions are tax-deductible; and we are responsible for sending receipts to the donors, disbursing funds at the donor's request, and reporting information to the IRS and other government agencies. Tax attorneys and accountants are not needed, donors simply contribute to the fund and decide what grants to make.

**YOUTH CAMP & EXCHANGES PROGRAM 2025
LION ELVIE MARFIL, STATE CHAIR**

Welcome Party for Lions Youth Exchange Students was sponsored by Muskegon Northside and Fruitport Lions Clubs

We have come to an end of another successful Youth Camp and Exchange program in Michigan; below is a short recap of the time with some highlights to remember. Students began to arrive July 28 and were paired with their host families. They enjoyed an array of activities from Michigan's Adventure Park and a private welcome party at the home of PDG Michael and Lion Lana O'Lonergan, to camp at D Bar A Scouting Ranch which included horseback riding and a dance party. Special guests Council Chair Becky Hamilton and Senator Kevin Daley of the 26th District alongside professionals from education, insurance, state planning, and Ford engineering led a dynamic career session.

Their time in Michigan wrapped up by August 15 but not before celebrating with one last beach party in Grand Haven. Thank you to all of the host families, sponsors/host clubs and sponsors/host districts, who made over-the-top efforts to ensure everyone had a memorable experience!

Rockford Lions Club knows how to make everyone feel welcome!

A Legacy of Service Across Borders
 In 1920, the Detroit Lions Club made history by reaching across the border and sponsoring the very first Lions International Club in Windsor, Ontario. What began as one club supporting another has grown into a century-long legacy of service and impact.

Today, the Windsor Lions Club continues to live out that vision through remarkable community service. One of their greatest achievements is Lion's Manor, a 100-unit riverview apartment building that serves senior citizens and visually impaired residents. Not only does the facility provide safe and welcoming housing, but it also offers the lowest rental rates in Windsor—a true testament to Lions' commitment to helping those in need.

Outside of Lion's Manor stands a meaningful sculpture honoring Helen Keller and Leader Dogs for the Blind, a reminder of the Lions' worldwide mission to serve the visually impaired and to answer Keller's historic challenge for Lions to become "knights of the blind."

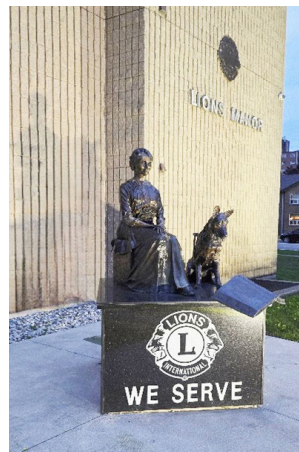

On a personal note, this story reminds us of the power of simply reaching out. Because the Detroit club extended an invitation more than 100 years ago, countless lives have been touched and changed. Imagine the ripple effect you could create by inviting just one friend or family member to join Lions. That one simple act of asking could impact generations to come.

Just Ask. You could make a difference also.

We Serve... Better Together.

A1 District Governor Snyder and MD 11A1 District Governor Kim Hooper. With the Governors is Windsor Lions Secretary Ron Devos and 11A1 Zone Chair Dr. Daniel L. Rathbun.

 District A1 will participated in the Building Healthier Communities Initiative on 9/13, to be held at the 1st Presbyterian Church of Monroe. In a message to the local newspaper, DG Hooper stated the following:
 "Lions internationally support 'Strides for Diabetes.' These walks are fun activities to help promote awareness and management," Kim Hooper, district governor for 32 Lions clubs in Monroe and Wayne counties, said in an email.
 "We support diabetes peer groups and diabetes camps for children along with Type 2 diabetes screening. So, when the Michigan Kidney Foundation approached the Lions of Michigan, it seemed like a perfect match." Hooper said events like these are important to the community to bring a free opportunity to those who may be underserved or who may not know that they may be at risk. "Many of us know people who have diabetes or even kidney failure," Hooper said. "The sooner they know there may be a problem the sooner the problem can be addressed and controlled. Knowledge is power and we are making it easier and more affordable for our friends to be screened."

Brownstown Lions Club officer installation was held this month with DG Kim Hooper in attendance. Three new members were also installed.

Several free screenings will be offered to help community members better understand their health. Medical professionals and trained volunteers will be available to explain results, answer questions and connect participants to community resources. Screenings include: Diabetic eye exams; chronic kidney disease risk assessment; blood pressure checks; blood sugar/glucose testing; and body Mass Index (BMI) and waist circumference measurement.

Clawson Lions Club hosted the 27th edition of its annual "Down on Main Street" Charity Car Show. The Club's premier fundraising event, held on Saturday, August 9th, has always been scheduled one week before the world famous "Woodward Dream Cruise". Despite the heat and humidity, over 300 owners brought their hot-rods, muscle cars, roadsters, vans, trucks, choppers, and bikes to completely fill both sides of a half-mile stretch of Main Street in downtown Clawson and show them off to over 6,000 visitors and car enthusiasts while competing for a truckload of trophies. With entries from all over Michigan, neighboring states, and Canada, the show is a very popular "must-do" for vehicle owners as they get ready for the "Dream Cruise" the following weekend. This year, NBC affiliate WDIV-TV sent their 4Warn Weather meteorologist, Bryan Scheuerman, to Clawson to get live interviews with car owners, a Leader Dogs rep and her Ambassador Dog "Davey", Clawson Mayor Paula Millan, and a local business owner while featuring the Car Show for several hours on their Local 4 Morning News program!

The "Down on Main Street" Charity Car Show has been the Clawson Lions Club's major fundraiser each year for over a quarter of a century. Proceeds from the show will enable the Club to provide serious financial support to Leader Dogs for the Blind, the Penrickton Center for Blind Children, the Beaumont Silent Children Speech Fund and the many other charities and service projects backed by the Club throughout the year.

Richmond Lions Club - Lion Joan Houtakker again coordinated the annual washing of the our clubs adopted airplane at Selfridge Military Air Museum at SANG base. Lion Joan organizes the annual event and as in the past provided volunteers, mostly grandchildren, with certificates of appreciation and lapel pins. This community service event continues to be a favorite of club members.

Richmond Lions Club - Lion Doug Conner received several awards at the June 17th meeting. Treasurer Paul Ostby presented him with co-Lion of the Year for 2024-2025 along with perfect attendance recognition and chevron for 10 years of service as a Richmond Lion.

The Romeo Lions Club was one of the generous contributors to the Skyline Camp and Retreat Center for a pool rehabilitation project. Although we appreciate the recognition, we can't take all the credit. It's because of the support we receive from our community that we are able to help deserving organizations like Skyline Camp And Retreat Center. When we hold fundraisers, like the Peach Festival, and we say that proceeds benefit Lions Club charities, this is what we mean.

Mt. Clemens Lions Club participated in the 33rd Annual Mount Clemens Grand Prix - Soap Box Derby Edition! A day of speed, creativity, and friendly competition as racers fly down the streets in their hand-built cars!
